NH'S NINE REGIONAL PLANNING COMMISSIONS (RPCs)

The 234 municipalities in the state of New Hampshire are divided into nine planning regions.

FIVE THINGS TO KNOW ABOUT NH'S REGIONAL PLANNING COMMISSIONS

- 1 In 1968 the New Hampshire Legislature enabled the creation of regional planning commissions.
- 2 Each city and town that joins an RPC has between two and four representatives depending on its population, and each county that joins has two.
- 3 The representatives that govern each RPC are nominated by their local planning boards and appointed by their municipal governing bodies.
- 4 State statutes require each RPC to perform a variety of duties, including create a regional comprehensive plan, complete a housing needs assessment, and review developments of regional impact.
- 5 Each RPC supports the planning and community development activities of the member communities in its region.

WHAT WE DO

NH Association of Regional Planning Commissions (NHARPC) assists its RPC members in a variety of ways, including the following:

- Meet quarterly, or as needed, to coordinate and exchange information.
- Promote regional and statewide cooperation, collaboration, and coordination among the RPCs themselves and between the RPCs and other agencies.

Expand the RPCs' capabilities by sharing information, resources, and expertise.

Promote the RPCs' skills and services.

Help make the delivery of state and local services more efficient and effective.

Identify legislation that is important to planning and land-use decisions in New Hampshire, and legislation related to our planning principles.

Promote education on planning-related topics for the benefit of New Hampshire's communities and other stakeholders.
